PROFESSIONAL EXPERIENCE

Internal Audit Manager

FJ Management | Salt Lake City, UT | June 2025 – Present

- Lead financial and operational audits across a diversified holdings portfolio, managing engagements from risk assessment and planning through testing, issue development, reporting, and remediation follow-up.
- Evaluate process design and control effectiveness across accounting, finance, operations, and compliance functions, translating identified gaps into practical, risk-aligned corrective actions.
- Facilitate risk-refresh discussions with business leaders to align audit priorities with emerging risks and management concerns.
- Review staff workpapers and testing documentation and support executive management and Audit Committee oversight in a multi-entity environment.
- Developed prompt libraries and transcript-enabled workflows using Microsoft Copilot and ChatGPT to improve audit documentation, workpaper consistency, and execution efficiency while retaining auditor review and judgment.

BI Analyst | Internal Audit, Compliance & Legal Analytics

Mountain America Credit Union | Sandy, UT | May 2024 – June 2025

- Served as an analytics partner to Internal Audit, Compliance, and Legal, translating risk, monitoring, and testing needs into SQL analyses, dashboards, automated reporting, and exception monitoring.
- Designed and launched 10+ Power BI dashboards that improved reporting efficiency, issue visibility, and stakeholder access to key risk indicators.
- Applied SQL and BI tools to identify anomalies, strengthen compliance monitoring, and support data-driven audit and investigation procedures.
- Developed automated exception reports and validation routines to improve the accuracy, completeness, and audit readiness of reporting outputs.

Internal Audit Manager

Academy Mortgage | Draper, UT | November 2019 – May 2024

- Established the internal audit function, including risk-based audit planning, testing methodologies, reporting protocols, quality expectations, and team development.
- Led financial, operational, compliance, and ITGC audits across a regulated mortgage environment, managing engagements from walkthroughs and testing through reporting and remediation follow-up.
- Built and coached the audit team, reducing report rework by 45% through stronger review processes, standardized training, and clearer quality expectations.
- Automated full-population testing across 50,000+ transactions using SQL and Python, expanding audit coverage and improving testing efficiency.

- Assessed controls related to consumer protection, regulatory compliance, access management, and change management.

Internal Audit Manager

AlSCO | Salt Lake City, UT | April 2017 – November 2019

- Led financial and operational audit initiatives across five international divisions, strengthening risk oversight in a multinational environment.
- Managed and coached six auditors, improving audit quality, execution consistency, and delivery standards.
- Used analytics, dashboards, and key risk indicators to identify emerging risks, prioritize audit coverage, and improve visibility across global operations.
- Designed automated alerts and audit thresholds that reduced manual testing by more than 120 hours annually.
- Conducted fraud investigations and forensic testing that resulted in leadership action and policy changes.
