Audit Analytics | Exception Reporting | Dashboard Development | Data Validation | Automated Testing | Process Improvement | SQL | Python | Power BI | Excel | VBA | Optro | Diligent One | AI-Enabled Audit Workflows

PROFESSIONAL EXPERIENCE

Internal Audit Manager

FJ Management | Salt Lake City, UT | June 2025 – Present

- Lead financial and operational audit engagements across a diversified holdings portfolio, supporting executive management and Audit Committee oversight in a multi-entity environment.
- Execute audits from planning through reporting, including risk assessment, walkthroughs, control testing, issue development, and communication of results.
- Evaluate process design and control effectiveness across finance, operations, and compliance functions, identifying control gaps and recommending practical remediation.
- Facilitate risk refresh discussions with business leaders to align audit priorities with emerging risks and management priorities.
- Partner with management to develop corrective action plans, track remediation progress, and validate control improvements.
- Developed prompt libraries and transcript-based AI workflows using Microsoft Copilot and ChatGPT to streamline audit documentation, improve workpaper consistency, enhance audit efficiency, and support AI-assisted audit testing.

BI Analyst

Mountain America Credit Union | Sandy, UT | May 2024 – June 2025

- Supported Internal Audit, Compliance, and Legal teams through audit analytics, automated reporting, exception monitoring, and risk visibility tools.
- Applied SQL and BI tools to identify anomalies, strengthen compliance monitoring, and support data-driven audit and investigation procedures.
- Designed and launched 10+ Power BI dashboards to improve reporting efficiency, issue visibility, and stakeholder access to key risk indicators.
- Produced automated exception reports and validated reporting outputs for accuracy, completeness, and audit readiness.

Senior Internal Audit Manager

Academy Mortgage | Draper, UT | November 2019 – May 2024

- Established the internal audit function, including risk-based audit planning, testing methodologies, reporting protocols, and team development.
- Led financial, operational, compliance, and ITGC audits across a regulated mortgage environment.
- Managed audits from planning through reporting, including walkthroughs, test work, issue development, management reporting, and remediation follow-up.
- Built and coached the audit team, reducing report rework by 45% through stronger review processes and standardized training.
- Automated testing across 50K+ transactions using SQL and Python, improving coverage and testing efficiency.

- Assessed controls related to consumer protection, regulatory compliance, access management, and change management.

Internal Audit Manager

AlSCO | Salt Lake City, UT | April 2017 – November 2019

- Led audit initiatives across five international divisions, strengthening financial and operational risk oversight in a multinational environment.
- Used analytics, dashboards, and key risk indicators to identify emerging risks, prioritize audit coverage, and improve visibility across global operations.
- Designed automated alerts and audit thresholds that reduced manual testing by more than 120 hours annually.
- Conducted fraud investigations and forensic testing procedures that resulted in leadership action and policy changes.
- Managed and coached six auditors, improving audit quality and delivery standards.

ADDITIONAL AUDIT, ACCOUNTING & BIG 4 EXPERIENCE

Revenue Analyst | Progressive Leasing | Draper, UT | December 2016 – April 2017

Supported revenue recognition controls by developing Excel-based monthly testing templates for rent-to-own samples, preparing revenue adjusting journal entries, and responding to internal and external audit documentation requests.

Accounting Manager | Triple Net Acquisitions | Draper, UT | December 2014 – December 2016

Built the financial reporting environment and managed accounting operations for a commercial real estate portfolio that scaled from approximately \$50M to \$150M, including QuickBooks general ledger management, loan reporting, FP&A, acquisition cash flow modeling, due diligence support, and external audit coordination.

Internal Auditor II | Select Portfolio Servicing | Salt Lake City, UT | December 2013 – August 2014

Performed compliance-based audits over mortgage loan servicing processes, including monthly Consumer Financial Protection Bureau (CFPB) targeted testing, control review, sample testing, exception documentation, and audit workpaper preparation.

Internal Audit Senior | AlSCO | Salt Lake City, UT | May 2012 – December 2013

Performed financial and operational audits across domestic and international branches, including process walkthroughs, control testing, audit documentation, external auditor coordination, and recommendations to improve internal controls.

Senior Audit Associate | KPMG | Salt Lake City, UT | October 2009 – May 2012

Supported financial statement audits and SOX testing for public and private clients across oil and gas, retail, and healthcare industries, including walkthroughs, control testing, audit documentation, workpaper preparation, and client communication.
